

2022 Regional Championship Update - December 2021

Information & Qualifying Times

Due to the ongoing circumstances, it is challenging, at present, to set the qualifying times for entry into the 2022 Regional Championships in April/May. This is due to both limited current data within rankings, as well as the circumstances and guidance in the run up to and during the Championships being unknown.

The Region appreciates that clubs are keen that times are available to assist coaches in swimmers event entries in the run up to the Championships, therefore we are going to operate a two tier entry system as detailed below. This will give a flexible entry approach should guidance change and any restrictions remain or are increased.

As with the Regional events run during 2021, all current plans may have to be altered depending on any changes in guidance given by the Government and Swim England. The decision on spectators will be made in the run up to each Championship date (Gala 1, 2 and 3).

At present the relay events usually run at these Championships are in the planned schedule and will only be removed if this guidance is given.

Full schedules and conditions will be available on the Championship website in the New Year.

Tier One Entry - Entry Link

Entry using the qualifying times given on page 2. You may see that these are faster than previous years. We have taken this approach so, should there be any remaining or increased restrictions, the impact on rejections having to be carried out is minimal.

Times must be equal or faster than the qualifying time given and will be taken from level 1 – 3 meets during the window of 1st January 2020 to the given closing date. Please note the qualifying times given are long course, however, conversions are accepted.

Tier Two Entry - SPORTSYSTEMS Entry Manager

Tier two entry will be open to any East Midland category 2 swimmer aged 11 and over at 31st December 2022 with a time on rankings from a level 1 -3 meet during the window of 1st January 2020 to the given closing date for the event they wish to be considered in.

Tier two entries will only be considered after tier one entries have been processed. Swims from this entry route will be considered fastest first, taking into account competition guidance at the time, session length, accepted entry per age group from the tier one entry and at the times the proximity to the qualifying time may be applied.

Please note this route is consideration only. For some events or sessions it may not be possible to accept any entries via this route.

Para-Swimming Entry

The Championships are open to classified swimmers S1-S14, subject to having a time on rankings for the event from a level 1-3 meet between 1st January 2020 and the given closing date. Entries should be made via the entry form that will be available on the website.

Entry Links and Downloads

Entry information will be available for Club Entry Administrators as per previous Championships. Sign up for administrators is open ready for sent out in 2022:
